

The Buffalo

A black and white photograph of a river scene. In the foreground, there is a calm body of water. In the middle ground, a small waterfall cascades over a rocky ledge. To the left of the waterfall, there is a small, dark, arched structure, possibly a bridge or a tunnel entrance. The background is filled with dense trees and foliage, with some branches hanging down from the top of the frame. The overall tone is serene and natural.

Dearest Marie,

Isn't it a shame that we had to come to college to get so well acquainted? Anyway, I'm glad we came together for you have made such a sweet roommate. I'm glad that at least one of the "Big 5" will be in calling distance this summer. I hope that your health improves and that you will be feeling ruddy and rosy in a short time. Thanks for all the things I have borrowed and used. Let's hope they are all returned and paid back. I don't think there is anyone quite like the "family". I'm grateful for the entertainment and company you gave a certain member when I was away. I hope to come to see you sometime this summer. Don't forget our picnic at the Laurels or our ship-lifting trips to Johnson City and Elizabethton, also the trip to Lib's. (I'm scared to death - I can't write. Remember what scared me?) Remember all the boys of Milligan and their capers. I can only hope that next year I can have a roommate just half as sweet as you but I don't know whether that would be possible. Be good and keep in close touch with me this summer. Marie and I are looking forward to Tuesday.

Love & Love,

Ken

Dear Marie,

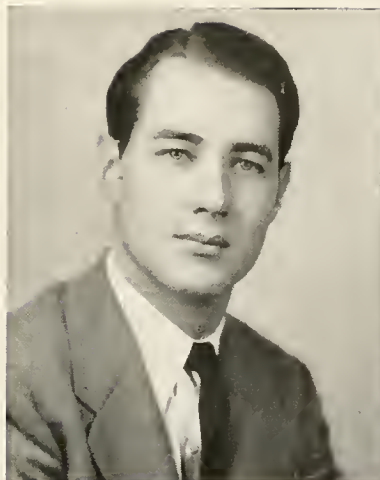

It's really hard to think of something different to say to each member of the "Family," since all of you have been so nice to me, I'm having trouble thinking of words to express my appreciation. I suppose I shall remember you more for our little heart to heart talks. You are a very understanding and sweet girl and I know that some day you and ~~Timothy~~^{P.T.} (or some other lucky guy) will be happy.

I can't think of anything else to say, so, here's to happiness to us (Earl & I) that are here, to you ("Family") that are there, and the rest of us everywhere.

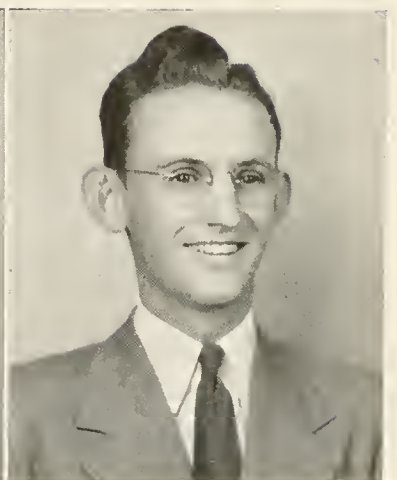

Till we meet again —

Always

Alma Mater

I N Tennessee's fair eastern mountains
Reared against the sky,
Proudly stands our Alma Mater
As the years go by.

Forward ever be our watchword,
Conquer and prevail;
Hail to thee! Our Alma Mater
Milligan, all hail!

Cherished by her sons and daughters
Memories sweet shall throng
Round our hearts, O Alma Mater,
As we sing this song.

Forward ever be our watchword,
Conquer and prevail;
Hail to thee! Our Alma Mater
Milligan, all hail!

A Message From The President

My message to those who are to possess this annual is, first of all, a word of commendation for the students of Milligan College, who are showing great courage and self-control in the face of an uncertain future.

Moreover, in this disturbed and rapidly changing world my prayer for faculty and students alike is that we may all become more conscious of the eternal foundations of life and thereon may build with confidence.

BUFFALO FOOTBALL

This year the Milligan "Buffaloes" due to the illness of Steve Lacey were coached by Bernie Webb. Bernie was called to serve as athletic director in the Navy before his picture could be taken with the team. Under his watchful eyes the "BUFFS" won five games and tied one game to wind up one of the most successful football seasons at Milligan College. To Bernie Webb, the students of Milligan College want to say, "Good Luck, Coach Webb we all miss you."

Season Highlights

The "Buffs" started off the season with a slow pick up but after their first game with Emory and Henry they tightened their belts and held Highpoint, Roanoke and Maryville Colleges to scoreless games.

The climax of our season took place at Centre College in Kentucky when the Buffaloes who were the under-dogs defeated the Colonels 07 to 06. Milligan displayed a fine line at this stage of the season with an equally fine backfield. No man can be singled out for outstanding playing as the Buffaloes worked as smooth as a clock to stampede their opponents. The season was ended by a second game with Emory and Henry College with Milligan on the winning end of a 19 to 13 score.

Football Players in Service

The members of the 1942 football squad who have been called into the armed forces of our country before the school year was over are: Herman Lane, guard; Jack Osborne, back; Tommy Miller, end; "Jeep" Quellen, back; Jim Harmon, tackle; Harry Pardue, back; Edmond Laws, back; Gayle Cox, end; and Cone Dixon, end. To these boys who have left us to fight on a different gridiron the best of luck and God's speed is sent to every last one of them.

BASKETBALL SEASON

The opening of the 1942-43 basketball season found Dean Eyler a member of the Armed Forces and Steve Lacey was called upon to fill his shoes. With such veterans as Pierce, Matherly and Miller as a nucleus Coach Lacey built his squad. It was an inexperienced group of basketball players that first stampeded on the hardwood floor. But as the season progressed these boys developed into a smooth working machine. Such players as Williams, Walker, Lilly, Peters, Shepherd and Ed. Thomas all first year men "busted" into the regular ranks.

The highlights of the season were the defeat of Tusculum, 33-32, and L.M.U., 34-32. Both games were tied up in the final minutes of playing when the "Buffs" opened with an offensive drive to score victorious over their opponents. Out of 19 games played Milligan won 12 and lost 7, winding up a successful season.

VARSITY TENNIS

The 1943 Tennis team under the watchful eyes of Coach Thompson and Captain Earl Peterson started their practice with such hopefuls as Strale Tate, G. B. Pierce, Bobby Hurt, Robert Showalter, Earl Peters and Duard Walker. This year the squad is made up of all first year men with Captain Peterson the only letterman of last year's team. Tusculum and Emory and Henry Colleges are the only scheduled matches, while Maryville, Carson-Newman and Mars Hill are prospective engagements.

Dear Marie, I have enjoyed
 knowing you. I'm sorry that
 you were sick this year.

Dearest Marie,

It really wouldn't be Lit if she weren't behind the rest of the people! - you know what I mean, I am always late doing things in suppose I.

Marie, I shall always remember you as the little one of the "big five" and a cute little one you are, too. May you always be little and sweet and cute. Never will I forget the last time you were up at my home with Anne, Betty, and Mary, and how we all became babies because we wanted to be like you. Remember how we tried to get the car started and almost froze. Everyone else gets you and Marie M^{rs} Kenzie mixed-up but to all of us we know just as well who is who as if you had different names.

I sincerely hope you will get alot of rest when you get home and will be the same you were at the beginning of this year. Really it just wasn't the same here without you and I am sorry still that I didn't write you but we hoped every day that you would be back the next. I will be completely lost next year, for a while any way, and I know I will never find another "big five" that means as much to me as you all do. I shall always remember you as the dearest friends I ever have had.

Remember this terribly hot day when everyone went to town and we thought we would get a sun tan but the sun was so hot we melted - part of me will be on the balcony when I leave!!!

Marie I am looking forward to visiting Cochran this summer and I know I will love all your family as I do you and Louise.

I love you sincerely,

Lit

May 17, 1943

Dearest Marie,

When I think of you, I want to sing the song "Baby Face". It is a cute little baby-face at that. I'll never forget how you always hastily explained the difference between the two "Maries" - that you were small. (You were solid.)

You know, you'll never know just how much you'll miss a person until they are gone, and you gave us the opportunity to find out when you became ill and left us for two weeks. Things just weren't complete while you were gone. The family had lost one of its members. And things just weren't right.

You and Lib composed the "planners" of the family. You always got excited planning things, but you dearly loved to plan. I hope you can arrange a plan by which we can all be together next year - won't you try to do it? I can't imagine school without you all.

Always remember the nights we broke small rules, never serious ones, and how you'd stand by the door to watch Fern. all the hot chocolate - Lib always had to make it, for we couldn't make it "jell". Fern. the night you and I had to throw out two pots full of water & clabbered milk? Maybe we just aren't domestically minded. Will we ever make Sam a good wife? Orlean, will I ever make Sam a good wife, and will — be satisfied with you. You, only you, know who it is.

You must come to Decatur sometime. I want you to meet Sam, so arrange one visit after the war is over, when he and I will — well, be together.

I hope you recover completely and can have all the fun possible. I'll always rem. you when I rem. our heart-to-heart talk - it did much good. Am counting on you to keep me posted on Colburn and make Jimmy write. I can hardly wait to visit in your home, and meet your family. I'll love them, and I do. You and I sincerely mean it. Max
